### Contest Notes ---

- ... Contest started in 1978
- ... Shorter than other VHF contests, at 24 hours
- ... Experimented with a RANGE system in 1982
- ... Then was the first contest to use grid squares in 1983
- ... After 2000, A was SOLP, and B was SOHP; No QRP in the UHF
  - .... All SO scores prior to 2000 are now treated as SOHP
- .... Only has a multi class in this contest; no M-U or M-L distinction
- ... Rover started in 1991; RL and RU added in 2008
  - .. Records prior to 2008 now considered part of R class
- ... Club competition started in 2009
- ... SO 3B and SO FM recently developed in other VHF contests, but not included in UHF
- ... After years of publicly noting low participation, ARRL cancelled the UHF for 2106
  - ... A League committee has now proposed for UHF to be based on distance scoring
  - ... and has further proposed the contest be moved to May
  - ... An independently run UHF in August is now planned for 2016
- ... Exclamation points after section scores indicate pre-grid records (and vastly different scoring methods)
