Contest Notes ---

- ... VHF Marathons & Relays from the 1920's through 1947 were primarily distance based
 - ... and were usually low-key events with few if any rules, often with no awards
- ... Relays and activity nights in the early years then developed into VHF QSO Parties by 1948
 - ... with ARRL sections as multipliers * QSO's
- ... Initially, only SO existed, but some people entered as M from 1st year in Sept
 - ... M then developed into a recognized class by 1954
- ... In 1983, grid squares replaced ARRL sections as multipliers
- ... QRP started as a SO class in 1986; renamed SO port in 2000 (with no major changes)
- ... After 1991, M split into Multi-Unlimited and M-Limited
 - ... All M scores prior to 1991 are now treated as M-U
- ... SOLP added in 2000 as A; SOHP became B; Q is SO Port
 - ... All SO scores prior to 2000 are now treated as SOHP
- ... R started in 1991; RL and RU added in 2008
 - ... R records prior to 2008 considered part of R class
- ... Club competition started in 1999
- ... SO 3B and SO FM began in 2014
- ... Assistance allowed in all categories starting in 2015
- ... Exclamation points after section scores indicate pre-grid records
